Saurashtra University
Rajkot • 04/2015

Msc. IT:Information Technology

PROFESSIONAL SUMMARY

With over 9 years of experience, I specialize in creating and customizing WordPress websites, ensuring client satisfaction with innovative, user-friendly solutions. I have developed nearly 100 websites using tools like ACF, Elementor Pro, WooCommerce, and custom themes. My expertise extends to plugin development, multi-language sites, eCommerce, and performance optimization. Proficient in responsive design, SEO, security, and user experience, I have successfully handled complex projects including multi-step forms with Stripe integration, video ad management, dynamic subscription plans, and automation workflows. My work reflects a commitment to high-quality, performance-driven outcomes.
